

Do you own Woodland Art??

The Red Lake Woodland Arts Festival happening from July 4 - 6th is reviving interest in Aboriginal art, and many of you have asked us for advice on how to get your pieces appraised and authenticated. In response to your inquiries, we have contacted galleries that specialize in Aboriginal art and that can provide appraisal services. These dealers are very interested in the Festival, and some of them will be attending the event to learn about the roots of Woodland Art in our community, and to see the works that were created here. They are all inviting local residents who own Aboriginal art to contact them for information prior to the festival.

Two examples of Norval Morrisseau's signature

Early works by Norval Morrisseau have increased in value significantly over the last few years. If you're not sure who painted the Woodland Art hanging in your home, above are examples of how Norval Morrisseau signed almost all his paintings in syllabics. Occasionally Morrisseau also signed his paintings with his initials. (N.M.)

We now have Woodland Art merchandise available, including books on Norval Morrisseau, t-shirts, hats, and cards.
